Statements in this presentation that relate to future results and events are forward-looking statements and are based on Dell Technologies' current expectations. In some cases, you can identify these statements by such forward-looking words as “anticipate,” “believe,” “could,” “estimate,” “expect,” “intend,” “confidence,” “may,” “plan,” “potential,” “should,” “will” and “would,” or similar expressions. Actual results and events in future periods may differ materially from those expressed or implied by these forward-looking statements because of a number of risks, uncertainties and other factors, including those discussed in Dell Technologies’ periodic reports filed with the Securities and Exchange Commission. Dell Technologies assumes no obligation to update its forward-looking statements.

Senior Director, Investor Relations
Agenda

• Corporate Governance & Board Updates
• Strategy & Governance
• Goals & Progress
• Sustainable Data Center Spotlight
• External Recognition
• Q&A
Enhanced Governance and Board Structure
Continually evolving governance practices informed by our regular shareholder engagement efforts

**Key Recent Enhancements**

- **Enhanced in FY 2024**
  - Appointed a Lead Independent Director with robust responsibilities
  - Reconstituted Nominating and Governance Committee to be fully independent
  - Enhanced proxy language around governance and shareholder engagement
  - Enhanced Board diversity with two most recent independent directors
  - Group IV Director exclusively elected by the Class C stockholders and majority independent board
  - Declassified Board & Majority independent Board
  - Terminated certain consent rights held by Michael Dell and Silver Lake
  - Aligned economic interests of all share classes

**Sources of Input**

- **Leading Institutional Investors**
  During the 2022-23 off-season and proxy engagement cycles, company held calls with top Class C stockholders regarding ESG practices and disclosures to collect their feedback for future enhancements

- **Best-in-Class Strategic Advisory**
  Continue to work closely with a strategic advisory service on investor engagement strategies to review investor suggestions for governance changes and assess both perceived impact and implementation feasibility

- **Stakeholder and Advocacy Groups**
  During the 2022-23 off-season engagement cycle, Investor Relations and ESG team members held calls with stakeholder and shareholder advocacy firms and responded to their inquiries

See our [2023 Proxy Statement](#) for additional detail.
Our purpose is to create technologies that drive human progress. Our Sustainability and ESG strategy helps deliver on our purpose.

GOAL PILLARS
ADVANCING SUSTAINABILITY | CULTIVATING INCLUSION | TRANSFORMING LIVES | UPHOLDING TRUST

IMPACT PRIORITIES

CLIMATE ACTION
Supporting the net zero transition on the path to a climate resilient society

CIRCULAR ECONOMY
Eliminating the concept of waste – redesigning, reusing and recycling our way to a better future

INCLUSIVE WORKFORCE
Driving representation, inclusion and equity to attract, retain and develop Dell's current and future workforce

DIGITAL INCLUSION
Connecting underserved and underrepresented groups to skills and resources, delivering the benefits of technology for all
Governance is Foundational to Our Sustainability Strategy

Robust cross-functional engagement across the company and formalized reporting to the Board of Directors and Executive Leadership Team

Role of the Board of Directors

Our board oversees the establishment and maintenance of our governance, which uses compliance and risk oversight processes and procedures to promote responsible, ethical business conduct that is rooted in integrity. Representatives from our ESG Steering Committee report regularly to the board to support the integration of ESG measures with the company’s overall business strategy. We provide the board with regular updates on progress against our ESG goals and initiatives.

Internationally Recognized Frameworks and Guidelines
Our goals

A critical part of any plan is setting ambitious time-bound goals and, more importantly, sharing progress against those goals along the way. In FY23, we updated our goals including key drivers to increase focus for greater impact.

**CLIMATE**

**Advancing Sustainability**

By 2050, we will achieve net zero greenhouse gas (GHG) emissions across scopes 1, 2 and 3

**Key Drivers**
- By 2030, we will reduce scopes 1 and 2 GHG emissions by 50%
- By 2030, we will source 75% of electricity from renewable sources across all Dell Technologies facilities — and 100% by 2040
- By 2030, we will reduce absolute scope 3 GHG emissions from purchased goods and services by 45%
- By 2030, we will reduce absolute scope 3 GHG emissions associated with the use of sold products by 30%

**CIRCULAR ECONOMY**

By 2030, for every metric ton of our products a customer buys, one metric ton will be reused or recycled

- By 2030, 100% of our packaging will be made from recycled or renewable material, or will utilize reused packaging
- By 2030, more than half of our product content will be made from recycled, renewable or reduced carbon emissions material

**INCLUSIVE WORKFORCE**

By 2030, 50% of our global workforce and 40% of our global people leaders will be those who identify as women

By 2030, 25% of our U.S. workforce and 15% of our U.S. people leaders will be those who identify as Black/African American or Hispanic/Latino

**DIGITAL INCLUSION**

By 2030, we will improve 1 billion lives through digital inclusion

**Key Drivers**
- Each year through 2030, 50% of the total people directly reached will be those who identify as girls and women, or underrepresented groups
- Each year through 2030, we will deliver future-ready skills development for workers in our supply chain

**GIVING & VOLUNTEERISM**

By 2030, 75% of our team members will participate in giving or volunteerism in their communities

**Key Drivers**
- By 2030, we will use our expertise and technology to support the digital transformation of 1,000 nonprofit partners

**TRANSFORMING LIVES**

**Upholding Trust**

By 2030, our customers and partners will rate Dell Technologies as their most trusted technology partner

**Key Drivers**
- By 2024, Dell will make available the first validated Zero Trust solution, accredited by the U.S. government and commercially available to global public and private sector organizations
- By 2025, 100% of actively sold Dell-designed and branded products and offerings will publish a software bill of materials (SBOM), providing transparency on third-party and open-source components
- By 2030, all new Dell products and offerings that use authentication will offer a password-less authentication mechanism
- Each year through 2030, we will make it easier and faster for customers to exercise choice and control over their personal data
FY23 Environmental, Social and Governance Report

CLIMATE ACTION
59%
- Of electricity used across all Dell Technologies facilities came from renewable sources.

Impact in Action

Digital Lifecare
Digital platform that enables access to healthcare services. The app helps healthcare providers to reduce the burden of non-communicable diseases especially amongst rural or underserved communities.

Solar Community Hubs
Solar-powered internet centers that connect community members to the digital world. Hubs are community-centric and focus on providing access to connectivity, digital skills, economic opportunities and health services for the community.

Student TechCrew
Promotes future career skills and learning via hands on experience as students help their peers and school staff members with technology issues.

Pro Bono
Connecting nonprofits with solutions to their digital transformation initiatives through consulting workshops and longer-term pro bono projects.

Girls Who Game
Created by Dell and Microsoft, Girls Who Game develops STEM and leadership skills for middle schoolers while having fun through gaming.

Concept Luna
Concept Luna drives innovation by exploring how to make components more accessible, replaceable and reusable to reduce resource use and keep circular materials in the economy.

Asset Recovery Services
Dell’s Asset Recovery Services helps securely and responsibly retire old assets while protecting both customers’ business and the planet.

Giga
Partnering with UNICEF to map, connect and real-time monitor every school in the world to ensure every student has the opportunity connect to an internet and develop skills needed for today’s job market.

Digital Twin
Partnering with i2b2 tranSMART Foundation to develop a powerful, data-driven platform that is bringing patients everywhere better treatment options, more quickly.

Be the Change
Foundational Learning
Be the Change is our foundational learning program focused on topics related to inclusion. It helps cultivate an inclusive environment where all team members can be their authentic self, thrive and grow their career.
# Board Committee Composition

Below is a summary of our committee structure and membership information. To read more about any of the committees, click on the committee names in the chart below. To learn more about our board members, visit the [Board of Directors](#) area of our web site.
